Building/Parking Fund		\$975.00	\$2253.25
Full time Pastor		\$1893.00	

Upcoming Committee Meetings:

Ministry Team Meeting at 7pm on April 20th at McDonalds on Falkenburg and Hwy 60.

The Elders meet regularly after church on Sundays.
See an Elder if you have any concerns or issues for discussion, or email the Elders directly at:
FreeRiderFellowship@gmail.com.

HOW TO BECOME A MEMBER: One needs to be a believer who confesses Jesus Christ as their Savior and Lord. One must be scripturally baptized by immersion. Simply inform the Pastor and/or Elders of your intention to join.

OUR MISSION: To love God and people through a biblical ministry of evangelism, fellowship, worship, discipleship, service and encouragement.

OUR VISION: To combine our love of God and our love of motorcycles in a ministry that reaches out to motorcyclists, their families and anyone else to strengthen believers and transform nonbelievers.

OUR VALUES: To live lives worthy of our calling as specified in the Bible with an understanding that forgiveness is always available and holy living is only possible through the power of the Holy Spirit.

Free Rider Fellowship

John 8:36

Sunday, March 22, 2015

Weekly Services and Studies:

Adult Bible Study 9:00am Sundays
Youth Bible Study 9:00am Sundays
Children's Bible Study 9:00am Sundays
Bible Study for all ages 6:00pm Sundays
Men's' Group "Unit" 2nd Monday of the month at 7:00pm
Ladies Bible study 2nd Tuesday of the month at 7:00pm

Rides and Monthly Events:

RALLY UP FOR THE FREE RIDERS!

Help support your FRF; take fellow riders to some of your favorite places! See Jim Weedon to volunteer (or sign up on the clipboard at the back of the church) to lead the 2nd Saturday and 4th Sunday rides!

Safety Squirrel Says *What to check-out?* **Power to the ground!**

There are three main systems of transferring power from your engine to the rear wheel(s) of your ride; Chain & Sprocket, Shaft Drive and Belts. Let's start check out the Shaft Drive method (similar to your car).

Getting Shafted; Effortless and Reliable!:

Shaft drive motorcycles are much cleaner and simpler to maintain. Drive shafts deliver very solid and steady power to your rear wheel, and typically only give you problems when they are not maintained well (runs out of oil or oil gets too hot/old). Even though shaft drives on motorcycles require very little maintenance, I suggest you check the drive oil every time you change your engine oil and try to replace it every year or 10,000 miles (it is NOT hard to do and makes for a very reliable drive system!). With no sloppy/slapping chain or vulnerable belt to deal with, enclosed shaft-drives are personally my favorite drive method.

Opportunities:

Men's
Bible Study

Men's Group: April 13th, 7pm

Join us for some Great Men's
Fellowship & Food!

NOT Men's Group: April 14th, 7pm
Join us for some great LADIES' fellowship and
food! (and Bible Study)

FRF riding group welcomes all: www.meetup.com
